Technical Stakeholder Working Group Meeting Sulfur Hexafluoride (SF₆) Emission Reductions from the Electricity Sector and Particle Accelerators

Topic and Purpose

The California Air Resources Board (ARB) staff invites you to participate in a technical stakeholder working group meeting to discuss concepts for reducing sulfur hexafluoride (SF₆) emissions from the electricity sector and particle accelerators.

At the meeting, ARB staff will present a brief update and draft emission reduction measure concepts, followed by an open forum to discuss these items as well as alternative strategies. Staff will use information gathered through this process in developing a draft emission control measure.
